4 W LED Candelabra			3/4" pipe wrap (linear feet)		Other: _____
Notes:					I attest that no energy efficiency measures were installed today due to the reason marked above.

CUSTOMER ACKNOWLEDGEMENT:

I confirm that an Ameren Illinois Instant Savers assessment was performed. At my request and in my presence, **the energy efficiency measures noted above were installed in my home.** The assessment and installations were performed by an Energy Advisor representing the Ameren Illinois Energy Efficiency Program. I have inspected the products and workmanship of the installations and agree the new materials and existing fixtures are free from damage and are in good working order.

TRICKLE STAR AGREEMENT:

Use the advanced power strip as installed or as intended if the plug configuration is changed after installation. If self-installed: Install the advanced power strip as instructed per usage guide provided, manufacturer's recommendations, and the following additional guidelines:

- » The product shall be plugged directly into a receptacle.
- » The product shall not be used with extension cords, or "daisy chained" together in serial fashion with other power boards, UPS', or other surge protectors.
- » If a three-to-two prong adaptor is used, it shall be properly grounded per manufacturer's instructions.
- » The product is not to be used with aquariums and all other water-related products.

Contact the manufacturer for any issues arising from the use of the advanced power strip. TrickleStar email: warranty@tricklestar.com or phone: 1.888.700.1098

Complete product warranty information can be found at: <https://www.tricklestar.com/warranty.html>

Pursue any and all warranty claims directly with the manufacturer identified above.

Release and indemnify, hold harmless, and defend Ameren Illinois, its employees, representatives or agents, and third party vendors, including CLEAResult Consulting Inc., CMC Energy Services Inc., Energy Federation Inc., Leidos Engineering LLC, Walker-Miller Energy Services LLC, from any and all claims, losses, harms, costs, liabilities, damages, and expenses (including attorney's fees) of any nature whatsoever arising directly or indirectly out of or in connection with any dispute or legal suit arising from performance or use of the advanced power strip.
